Planning for the Iditarod Trail

You are a musher getting ready to tackle the Iditarod Trail. You have all required supplies in your sled but there is still space. What would you carry in your dogsled? Other than what mushers are required to carry, name five things you would bring with you. Make sure you explain why you would bring each item.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
